TWIN CITIES ORTHOPEDICS ANNOUNCES PARTNERSHIP WITH HEGENES MANAGEMENT ON NEW EDINA ORTHOPEDIC CENTER OF EXCELLENCE

Minneapolis, Minn. (April 7, 2009) – Twin Cities Orthopedics Edina Property Company announced today the partnership with Hegenes Properties on a new building venture in Edina. The facility is slated to be a 75,000 square foot Orthopedic Center of Excellence located at West 65th Street between France Avenue and Valley View Road.

The new facility has plans to include a clinic, physical therapy, hand therapy, MRI, surgery center, orthotics, prosthetics and Med-X. Upon the completion of the building, Twin Cities Orthopedics will be able to bring together physicians and services that they currently offer at multiple separate locations throughout Edina and surrounding communities.

“We are excited to bring all of our Edina entities under one roof,” said Troy Simonson, administrator of Twin Cities Orthopedics. “Twin Cities Orthopedics has been serving the Edina community for over 75 years, but we’ve been fragmented. The new building will allow us to provide exceptional efficient patient care by offering the full continuum of state-of-the-art orthopedic services at one convenient location.”

The building is a partnership between the TCO Edina Property Company and Hegenes Properties. The architect on the project is Mohagen/Hansen and the general contractor is RJM Construction.

Hegenes Properties was founded in 1974 by Gary Hegenes. For the past 35 years they have specialized and have been successful in the ownership, renovation and management of apartment and commercial office buildings located in Minneapolis/St. Paul, Fargo, Duluth, Alexandria and St. Cloud. The motto of Hegenes Management Inc., their management arm, is “People Caring Management.” Their proficiency and high standards began with the belief that all residents deserve to be proud to call their apartment or office “home.” For more information visit www.Hegenes.com.

RJM Construction provides construction services to its commercial, healthcare, corporate (tenant interior) and community clients. RJM is widely recognized for collaborative teamwork, innovative and cost-saving solutions and offering a rewarding construction experience. Headquartered in St. Louis Park, RJM has more than 100 specialized staff members to help get the job done. For more information, visit rjmconstruction.com.

Mohagen/Hansen *Architectural Group* is a full service planning, architecture and interior design firm located in Wayzata. For the past 20 years, they have specialized in the renovation and design of surgery centers, specialty clinics, general practice clinics, imaging centers, medical office buildings and hospitals. Their expertise involves the development of successful healthcare environments that are functional, aesthetically pleasing and efficient. They accomplish these objectives by providing creative design solutions that emphasize productivity and a positive patient experience.

Twin Cities Orthopedics is one of the largest orthopedic practices in the country with 70 plus physicians in 30 clinics. Their physicians have specialty training in all areas of orthopedic medicine. No matter how common or obscure a patient’s problem, TCO has the capability to offer the best treatment available. Through conservative, top quality care, research and the use of state-of-the art technology and procedures, TCO provides world-class, compassionate care to individuals of all ages with musculoskeletal injuries and conditions.
